# MASTER WATERSHED STEWARD

ARE YOU LOOKING TO IMPROVE  
LOCAL WATER QUALITY?

DOES YOUR BACKYARD FLOOD?

DO YOU LIVE BY THE WATER AND WANT TO  
LEARN MORE ABOUT BEING A STEWARD?

The University of Maryland Extension Program and St. Mary's County Government are excited to announce the second St. Mary's County Watershed Stewards Academy (WSA) certification course. This is an adult education program that consists of 16 evening sessions from April to September. Stewards will gain hands-on and classroom training in a diverse range of topics including: watershed processes, installation and maintenance of stormwater best management practices, project funding and permitting, community engagement, and much, much more! Participants will receive the tools and resources necessary to take positive actions to preserve and conserve our water resources. Teachers, ask us about earning 5 MSDE credits!

The University of Maryland is an Equal Opportunity Employer Equal Access Programs. La Universidad de Maryland es una institución con Igualdad de Oportunidades de Empleo y con Igualdad de Acceso a Programas.

## CALLING ALL COMMUNITY LEADERS!

### ASSESS WATERSHEDS

Help communities identify pollution sources.

### EDUCATE COMMUNITIES

Help neighbors understand the most pressing water quality problems in your area.

### TAKE ACTION

Reduce polluted runoff by engaging communities to install best management practices.

### MEASURE SUCCESS

Track and demonstrate measureable impacts.

### WHERE:

Agricultural Service Center  
26737 Radio Station Way,  
Suite C – Conference Room  
Leonardtown, MD 20650
