JOIN THE CITY NATURE CHALLENGE!

**Baltimore Metropolitan Area
April 30 - May 3, 2021**

GET NERDY WITH NATURE

City Nature Challenge is an opportunity to connect with other cities across the nation—and the globe—safely from your home, while documenting the wildlife found in your own backyard. Nature is all around us, even in urban areas, and if you look a little harder, you may be surprised by what you find! Please remember that individual and public safety is of paramount importance; be sure to carefully follow local public health guidelines when making your observations.
