

Stormwater Committee Webinar

December 9, 2021 • Noon to 1 p.m.

“Building Climate Resiliency into Maryland’s Water Programs”

Matthew Rowe, CC-P,

Assistant Director

Maryland Department of the Environment,
Water and Science Administration

“Growing Five Million Trees in Maryland by 2030”

Rachel Lamb, Ph.D.,

Maryland Sea Grant State Science Policy Fellow

Maryland Department of Environment,

Climate Change Program

FREE FOR CWEA MEMBERS. \$10 for non-members.

1.0 Professional Development Hours (PDHs) will be offered for attending this webinar.

The CWEA Stormwater Committee webinar is presented to facilitate peer-to-peer information exchange for representatives of regulated stormwater programs.

Join industry leaders in reviewing how we arrived where we are, where we might go, and the challenges that must be overcome.
