## Student Leadership

## 2022 Summer Expeditions

Join fellow high school students to connect, learn, and find inspiration while investigating environmental issues impacting the Chesapeake Bay Watershed!

These are MULTI-DAY, OVERNIGHT (tent camping & dormitory-styled housing), IN-PERSON events. Registered participants will meet CBF Educators at a central location and spend five consecutive days exploring and investigating regions of the Chesapeake Bay Watershed. All transportation, lodging, and meals will be provided during the expedition. Participation will be determined on a first come, first served basis.
