THE RECONSIDERATION PERIOD FOR THIS RECRUITMENT IS THREE (3) BUSINESS DAYS

The Maryland Department of Transportation State Highway Administration's (MDOT SHA) Office of Environmental Design, Environmental Programs Division (EPD) (Baltimore City) is recruiting for a **Project Manager (Environmental Analyst III)**. This position is open to anyone who meets the minimum and selective qualifications listed below. This is a position specific recruitment. The resulting list of eligible candidates will be used to fill this MDOT SHA position or function only. You will need to reapply for any future recruitment conducted for this job classification.

The Project Manager supports MDOT SHA's capital and operating programs regarding environmental permitting and compensatory mitigation. The Environmental Programs Division (EPD) is the lead division responsible for the avoidance and minimization of impacts to regulated natural resources (wetlands & waterways/critical areas) and for the planning, design, advertisement, monitoring, adaptive management, and remediation of all compensatory mitigation and stewardship projects.

The Project Manager leads basic wetland delineations independently and lead complex wetland delineations with team leader oversight. The Project Manager obtains necessary wetland and waterway permits and approvals through coordination and negotiation with the U.S. Army Corps of Engineers (COE), Maryland Department of the Environment (MDE), and other state and federal regulatory agencies.

MDOT offers a generous and competitive benefits package. You can learn about our amazing benefits here: [MDOT Benefits Guide](#).

"The Maryland Department of Transportation State Highway Administration (MDOT SHA) has been named Training Magazine's Top 100 for the second consecutive year."
