Agriculture in the Classroom

# EDUCATOR WORKSHOPS

**Want to increase your students' engagement and excitement about learning?**

Come learn how to teach your existing curriculum using agriculture as the real life, applicable context for your students' learning.

## 2022-23 SERIES

November 5, 2022 *Let's GRO & Give*

April 22-23, 2023 *Let's GRO a Nation*

July 17-19, 2023 *Let's GRO in Water*

*Each workshop content is unique, so bring a friend and attend one or attend all!*

### WORKSHOPS INCLUDE:

- ✓ MSDE CPD Credit (approval pending)
- ✓ An experiential-learning based model of delivery
- ✓ On-the-Farm experiences
- ✓ Standards-aligned lesson plans
- ✓ Agriculturally accurate trade books for your classroom library
- ✓ \$200 in resources and tools to teach the lessons

## FALL WORKSHOP!

Saturday, November 5, 2022

9:00 am - 5:00 pm

**Location:** First Fruits Farm  
Freeland, MD

*Hands-on sessions will focus on the needs of plants, specifically looking at soil as the basis of life, & ways to use these concepts to engage your students in learning about where their food comes from.*

*The audience for this workshop is Elementary/Middle School formal and informal educators.*

**Register Now!**

**\$30 Registration Fee**
