

Are you interested in learning about your environment and what you can do to help it?

The Chesapeake Bay Foundation invites you to participate in one of our area **VoiCeS (Volunteers for Chesapeake Stewards)** courses this October through November.

Join us for a six- or seven-week program to learn about Chesapeake Bay science, air and water quality, green infrastructure, increasing access to nature, transit equity, and more, while meeting neighbors who are passionate about environmental conservation. Each class will host a variety of guest speakers and experts and provide opportunities for field trips and volunteer experiences.

Scan the QR code below to learn more about the three courses:

Washington, D.C. contact: AHarvey@cbf.org **SOLD OUT**

Baltimore contact: JRodrigo@cbf.org

Southern Maryland contact: MBeller@cbf.org
