

# Mallows Bay Submerged Aquatic Vegetation Community Survey

Join us for a special community science event, where you'll spend a day collecting data on underwater grasses at **Mallows Bay-Potomac River National Marine Sanctuary!**

Volunteers will learn how to identify and record **submerged aquatic vegetation** (SAV) and paddle into the sanctuary to collect valuable data on SAV growth and abundance.

No prior scientific experience is necessary. Kayaks and PFDs will be provided. **Registration is required.**

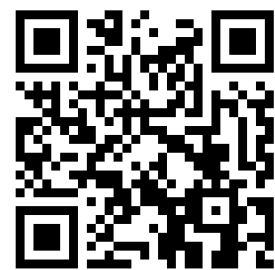

## WHERE:

Mallows Bay Park  
1440 Wilson Landing Rd  
Nanjemoy, MD 20662

## WHEN:

Saturday, August 29  
10am - 3pm
